Plant Cell, Tissue and Organ Culture **32:** 373–375, 1993

CONTENTS Volume 32 1993

Volume 32 No. 1

Go, N.E., Perez-Orozco, G.D. & Halos, S.C.: In vitro response of embryos from different provenances of *Pinus caribaea* var. *hondurensis* Morelet 1

Neuman, M.C., Preece, J.E., Van Sambeek, J.W. & Gaffney, G.R.: Somatic embryogenesis and callus production from cotyledon explants of Eastern black walnut 9

Huang, C., Yan, H., Yan, Q., Zhu, M., Yuan, M. & Xu, A.: Establishment and characterization of embryogenic cell suspension cultures from immature and mature embryos of barley (*Hordeum vulgare* L.) 19

Calleberg, E.K. & Johansson, L.B.: The effect of starch and incubation temperature in anther culture of potato 27

Narasimhulu, S.B., Kirti, P.B., Prakash, S. & Chopra, V.L.: Rapid and high frequency shoot regeneration from hypocotyl protoplasts of *Brassica nigra* 35

Ockendon, D.J. & McClenaghan, R.: Effect of silver nitrate and 2,4-D on anther culture of Brussels sprouts (*Brassica oleracea* var. *gemmifera*) 41

Halos, S.C. & Go, N.E.: Micropropagation of *Pinus caribaea* Morelet 47

Alvard, D., Cote, F. & Teisson, C.: Comparison of methods of liquid medium culture for banana micropropagation. Effects of temporary immersion of explants 55

Yin, Y., Li, S., Chen, Y.M., Guo, H., Tian, W., Chen, Y. & Li, L.: Fertile plants regenerated from suspension culture-derived protoplasts of an indica type rice (*Oryza sativa* L.) 61

Parrott, W.A. & Bailey, M.A.: Characterization of recurrent somatic embryogenesis of alfalfa on auxin-free medium 69

Kobayashi, R.S., Sinden, S.L. & Bouwkamp, J.C.: Ovule culture of sweet potato (*Ipomoea batatas*) and closely related species 77

Lippmann, B. & Lippmann, G.: Soybean embryo culture: factors influencing plant recovery from isolated embryos 83

Pius, J., George, L., Eapen, S. & Rao, P.S.: Enhanced plant regeneration in pearl millet (*Pennisetum americanum*) by ethylene inhibitors and cefotaxime 91

Druart, P. & De Wulf, O.: Activated charcoal catalyses sucrose hydrolysis during autoclaving 97

McDougall, G., Millam, S. & Davidson, D.: Alterations in surface-associated peroxidases during *in vitro* root development of explants of *Linum usitatissimum* 101

Miguens, F.C., Louro, R.P. & Machado, R.D.: A scanning electron microscope study of normal and vitrified leaves from *Datura insignis* plantlets cultured *in vitro* 109

Hagen, S.R. & Muneta, P.: Effect of temperature on carbohydrate content, ADP glucose pyrophosphorylase, and ATP-and PPi-dependent phosphofructokinase activity of potato tuber callus tissue 115

Volume 32 No. 2

Leege, A.D. & Tripepi, R.R.: Rapid adventitious shoot regeneration from leaf explants of European birch 123

Sarvesh, A., Reddy T.P. & Kavi Kishor, P.B.: Plant regeneration from cotyledons of niger 131

Mendoza, A.B., Hattori, K., Nishimura, T. & Futsuhara, Y.: Histological and scanning electron microscopic observations on plant regeneration in mungbean cotyledon (*Vigna radiata* (L.) Wilczek) cultured *in vitro* 137

Rossi, F., Baraldi, R., Facini, O. & Lercari, B.: Photomorphogenic effects on *in vitro* rooting of *Prunus* roostock GF 655-2 145

Uchiyama, T., Numata, M., Terada, S. & Hosino, T.: Production and composition of extracellular polysaccharide from cell suspension cultures of *Mentha* 153
Herrington, E. & McPherson, J.C.: Light quality growth promotion of *Spiraea nipponica*: the influence of a low photon fluence rate and transfer time to a higher fluence rate 161
Raharjo, S.H.T. & Punja, Z.K.: Plantlet regeneration from petiole explants of the African horned cucumber, *Cucumis metuliferus* 169
Nagakubo, T., Nagasawa, A. & Ohkawa, H.: Micropropagation of garlic through *in vitro* bulblet formation 175
Potluri, S.D.P. & Devi Prasad, P.V.: Influence of salinity on axillary bud cultures of six lowland tropical varieties of potato (*Solanum tuberosum*) 185
Williams, K.J. & Leung, D.W.M.: Chitinase induction in onion tissue cultures 193
Elliott, G.C., Smith, M.A. & Bridgen, M.P.: Growth response of *Alstroemeria* 'Parigro Pink' to phosphate supply *in vitro* 199
Fitch, M.M.M.: High frequency somatic embryogenesis and plant regeneration from papaya hypocotyl callus 205
Giri, A., Ahuja, P.S. & Ajay Kumar, P.V.: Somatic embryogenesis and plant regeneration from callus cultures of *Aconitum heterophyllum* Wall. 213
Dimasi-Theriou, K., Economou, A.S. & Sfakiotakis, E.M.: Promotion of petunia (*Petunia hybrida* L.) regeneration *in vitro* by ethylene 219
Sallanon, H., Tort, M. & Coudret, A.: The ultrastructure of micropropagated and greenhouse rose plant stomata 227
Remphrey, W.R., Palmer, C.E. & Blouw, M.J.: *In vitro* branching in relation to repeated subculture in two cultivars of *Potentilla fruticosa* 235
Osolnik, B., Bohanec, B. & Jelaska, S.: Stimulation of androgenesis in white cabbage (*Brassica oleracea* var. *capitata*) anthers by low temperature and anther dissection 241
Woerdenbag, H.J., Lüers, J.F.J., van Uden, W., Pras, N., Malingré, T.M. & Alfermann, A.W.: Production of the new antimalarial drug artemisinin in shoot cultures of *Artemisia annua* L. 247
Kumar Sinha, R.K. & Mallick, R.: Regeneration and multiplication of shoot in *Albizia falcataria* 259

Volume 32 No. 3

de Jong, J., Rademaker, W. & van Wordragen, M.F.: Restoring adventitious shoot formation on chrysanthemum leaf explants following cocultivation with *Agrobacterium tumefaciens* 263
Krul, W.R.: Enhancement and repression of somatic embryogenesis in cell cultures of carrot by cold pretreatment of stock plants 271
Strandberg, J.O.: Meristem culture of *Ophiopogon japonicus* and production of embryo-like structures 277
Mencuccini, M. & Rugini, E.: *In vitro* shoot regeneration from olive cultivar tissues 283
Kackar, A., Bhat, S.R., Chandel, K.P.S. & Malik, S.K.: Plant regeneration via somatic embryogenesis in ginger 289
Tynan, J.L., Conner, A.J., Macknight, R.C. & Poulter, R.T.M.: Miconazole: An effective antifungal agent for plant tissue culture 293
Toussaint, A., Kummert, J., Maroquin, C., Lebrun, A. & Roggemans, J.: Use of VIRAZOLE® to eradicate odontoglossum ringspot virus from *in vitro* cultures of *Cymbidium* Sw. 303
Latif, M., Mumtaz, N., Davey, M.R. & Power, J.B.: Plant regeneration from protoplasts isolated from cell suspension cultures of the wild tomato, *Lycopersicon chilense* Dun. 311
Xu, Y. & van Huystee, R.B.: Effect of calcium, its inhibitors, and heavy metals on the growth cycle of peanut cell aggregates 319
Chu, C.Y., Knight, S.L. & Smith, M.A.L.: Effect of liquid culture on the growth and development of miniature rose (*Rosa chinensis* Jacq. 'Minima') 329
Fitch, M.M.M. & Moore, P.H.: Long-term culture of embryogenic sugarcane callus 335
Nikam, T.D. & Shitole, M.G.: Regeneration of niger (*Guizotia abyssinica* cass) CV Sahyadri from seedling explants 345

Bansal, Y.K. & Pandey, P.: Micropropagation of *Sesbania aculeata* (Pers.) by adventitious organogenesis 351
Chowdhry, C.N., Tyagi, A.K., Maheshwari, N. & Maheshwari, S.C.: Effect of L-proline and L-tryptophan on somatic embryogenesis and plantlet regeneration of rice (*Oryza sativa* L. cv. Pusa 169) 357
Rahman, S.M., Hossain, M., Biswas, B.K., Joarder, O.I. & Islam, R.: Micropropagation of *Caesalpinia pulcherrima* through nodal bud culture of mature tree 363
